July 22, 2010

Dear County Government Leader,

It is with great concern that I write to you for the second consecutive year to communicate the California Cattlemen's Association's (CCA's) disappointment with the lack of Williamson Act subvention funding in the state budget. CCA members have enjoyed a beneficial partnership with your county over the past several years and it is our sincere hope that we can continue to do so.

CCA members are deeply concerned about the future of the Williamson Act in your region. Please be assured that we are working tirelessly to restore subvention funding to help bolster county governments. Your continued participation in the program is critical for agricultural landowners in your county. CCA joins a broad group of stakeholders in a movement to restore the subvention funding for the 2010-11 fiscal year. At this time we respectfully request that you continue to honor contracts and demonstrate your support for the Williamson Act by passing a resolution reflecting your county's past and future commitment to the program.

I invite your thoughts and communication regarding the status of the Williamson Act contracts in your area. Please contact Dawn Clover in our office at (916) 444-0845 relative to the future of the program in your region. I look forward to your feedback and continued collaboration.

Sincerely,

Tom Talbot, DVM  
President
