PASO ROBLES, CALIF.

California Cattlemen's Association Political
Action Committee (Cattle-PAC, FPPC # 760980)
Donations are voluntary, not tax deductible and
cannot exceed \$6500 from a person or company
within a calendar year.

WHAT IS CATTLE-PAC?

Cattle-PAC is a voluntary political action committee working to educate political campaigns, candidates, and officeholders who make decisions that affect laws and regulations impacting ranchers in California. Every time a pro-livestock, pro-business candidate is elected in Sacramento, it is a victory for the beef industry. With your help, we will continue to secure more victories!

RECENT CATTLE-PAC RETURNS:

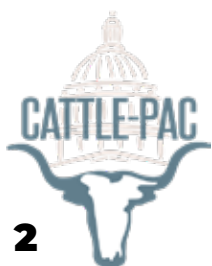

- ✓ Sponsored a cost-saving bill that permanently allows ranchers to self-certify as qualified to install water measurement devices
- ✓ Passed legislation extending the agricultural vehicles exemption from the Calif. Highway Patrol's Basic Inspection of Terminals (BIT) program
- ✓ Defeated several bills from radical animal rights groups, including legislation which would have newly empowered activists to bring claims of animal abuse against ranchers in civil courts
- ✓ Engaged policymakers directly with producers through ranch tours

CURRENT PRIORITIES:

- ✓ Increasing the use of prescribed fire and livestock grazing as a fire-fuels treatment on state-owned lands
- ✓ Promoting state policies that recognize California's rangelands as potential for groundwater recharge, wildlife habitat, carbon sequestration and other environmental benefits
- ✓ Safeguarding ranchers' water rights from legislative efforts to fundamentally rewrite California's water rights priority system and vastly expand punitive enforcement measures
